## ABOUT US

Marin French Cheese Co. is the country's oldest cheese company. Handcrafting cheese on our ranch in Marin County, California since 1865, we've been part of the landscape of the American West for nearly two centuries. Ours is a story built on respect for tradition, infused with a dose of trailblazing, and a little bit of legend. We honor time-tested recipes and techniques, while bringing modern craft and creativity to our cheesemaking and product assortment. A little wheel of Marin French can tell a big story. It's a connection to a simpler time, a beautiful place, and decades of history. It's also just that delicious.
